"THE CONVICT'S DAUGHTER," COYLE THEATRE, THURSDAY, FEBRUARY 3

THE CHARLEROI MAIL

Entered second class mail at Charleroi, June 15, 1909, according to Act of Congress of March 8 1879

VOL. X. NO. 140. CHARLEROI, WASHINGTON CO., PA., TUESDAY, FEBRUARY 1, 1910. One Cent

RUNAWAY CHARLEROI BOYS CAPTURED IN ST. LOUIS

Were on Way to Utah to Search for Buried Treasures.

DIME NOVELS RESPONSIBLE

Paraphernalia Included Telescope, Rifle and a Book of Prayer.

Washington Patrick, the father of Michael Patrick, one of the boys picked up by the St. Louis, Mo., police after he had got that far on a trip to the wild and wooly west, sent money today for his son to return home. John Labash, the father of William Labash, the other runaway, sent money last night, in care of the St. Louis police. The boys were picked up at the Union station in St. Louis, yesterday, equipped it is said with a full paraphenalia for hunting Indians and digging buried treasures. Chief of Police C. W. Albright was notified here and informed the boy's parents. The money was sent partly through the agency of Chief of Police Albright and Frank Fagula.

The boys left their homes here on Saturday, and rode to Pittsburg by trolley. By combining their savings they succeeded in getting to St. Louis, where their strange appearance attracted attention.

Sombrero hats worn by them with yellow bands, aroused the suspicion of the police. The boys' baggage included a knockdown rifle, a pistol a hatchet, a dirk, a dagger, ammunition, a telescope, a loaf of bread, a roll of stage money, and a prayer book. The boys said the reading of dime novels caused them to start for Utah to unearth buried treasures. The rifle was to fight back invaders and the telescope to detect Indians.

Patrick is 13 years old and Labash 16. The parents of both were grief stricken over their disappearance and were overjoyed when trace of them was found.

"CONVICTS DAUGHTER" A PLAY OF MUCH MERIT

"The Convict's Daughter," which will be the attraction at the Coyle Theatre next Thursday evening, is said to be one of the best presented comedy dramas offered to the theatre going public, while in incident and theme it is most powerful, every climax breaking with a most volcanic intensity. In the entire company, from the actor who interprets the leading role down to the mere stage loiterers, there is not one single person who has been negligently selected or unintelligently cast. This comedy-drama, which lacks all the melo dramatic thunder of bygone days, is new and unknown, but cannot remain so, for its magnificence at once becomes its herald and sounds its own alarm. Nothing has been sacrificed to appearance, and for these is brought together a series of incidents that holds the interest giving a pleasant finish to a story that is said to be taken from life. The climaxes develop quickly and break magnificiently, while the lighter moments are as rolling as a Sousa March, the sentimental fragments being truly natural and the comedy hits as sparkling as the lights which adorn the stage.

Miss E. J. Greenwood is spending the day in Pittsburg with friends.

May Take up Matter of High Meat Prices

Central Trades Council will Hold Regular Meeting Tonight.

The Central Trades Council of Charleroi will hold a meeting tonight, and it is possible may take up the matter of the high prices of meat, and other products. In other towns and cities over the country, the matter has been taken up, and a boycott formed, and there has been some thought of doing the same here.

BODY OF FLOATER YET UNIDENTIFIED

Still at Undertaking Rooms of Correll and Crowley in Charleroi.

HAVE HAD MANY INQUIRIES

The body of the man who was found floating in the river near Fayette City last week, and which is being held at the undertaking room of Correll and Crowley in Charleroi, remains unindentified. There have been some inquiries, but as yet there has not been any tangible clue upon which to work to ascertain the man's name and and former place of habitation.

Every effort is being made to learn something of the man. Authorities of up river towns have been communicated with, but have no knowledge of the disappearance of any man. Yesterday a telephone message was received from Connellsville about a man by the name of Bonnell who had disappeared from there, but the description did not fit.

The only means by which the man may be indenfited is by the clothing, which is in a good state. In a pocket was found the initials M. W. D. It is thought that the body is that of an American. The body will be held a few days more, in the hope that it may be identified and claimed by friends or relatives.

JANUARY SHIPMENTS OF COAL BETTER THAN FIRST MONTH OF 1909

The first month of the new year was a good one at Lock No. 4, as regards shipments of coal, and indicates better things to come. The shipments of coal for the month surpassed those of January of the previous year by 261,000 bushels

The total shipments for the months of January this year were 15,158,000 bushels. In 1909 the shipments for January were 14,899,009 bushels. During the first month this year there were 629 lockages down stream, and 649 lockages up stream. The rainfall averaged 5.99 inches, as compared with 2.59 inches of an average in January 1909.

The steamer Bertha went down stream yesterday with one model barge containing 1450 tons of wire and nails loaded from the Monessen mills. At the present time the water is at a good stage, and shipments should continue heavy.

PAY NO ATTENTION TO THE OTHER CONTESTANTS

In Any Competition, Especially in a Contest of This Kind, You Will do Better to Attend Exclusively to Your Own Affairs and Not Worry About Your Rival.

GENERAL SHERMAN, a brilliant and successful soldier, frankly admitted that General Grant was a greater commander. Sherman used to say: "I know more tactics and strategy than Grant, have just as good a mind and a better military training, but what the other fellow is doing when Grant can't see him desn't worry him a bit, while it worries me like thunder."

Grant found that he had enough to do attending to he management of his own campaigns. He knew that his opponents were all briliant men. He played his own game, laid out his own campaign, and did so well that he SUCCEEDED.

CONTESTANTS in this great race should never mind what the other one is doing, but keep right on hustling and when the race is ended be one of the proud and happy winners of some magnificient prize.

Don't spend your time trying to find out how many votes your competitor has received.

Say to yourself, now the time is short, and I can't afford to throw it away, but I will spend every minute that is possible looking after subscriptions for what is the only way to succeed in this contest. I know that I can't secure enough of the single coupons out of the paper each day to win, but they are valuable and I won't throw them away, for every little bit helps.

THE BONUS VOTE.

The special vote offer for this week is 10,000 extra votes, for every $15.00 turned in. This is a splendid chance for any contestant to secure a larger number of votes, very easily. The work of this week will mean much for all contestants. No candidate should fail to get more than one or more of the EXTRA ballots for 10,000 VOTES.

KEEP EVERLASTINGLY AT IT.

Standing of Contestants as Counted for the First Time:

EMBEZZLEMENT CHARGE AGAINST LOCAL MAN

Albert Habb, said to be a former collector for the Singer Sewing Machine company, was arrested in Charleroi yesterday by Constable Milt Morris of Uniontown, on a charge of embezzlement, preferred by A. B. McKenna, a Singer sewing machine representative. The information was made before Justice of the Peace Bierer of Uniontown. Habb furnished bond for his appearance.

J. V. Thompson Buys Historic Property

J. V. Thompson of Uniontown closed a deal for the purchase of "Friendship Hill," the old home of Albert Gallatin. In the estate are 700 acres and the price was $175,000. Albert Gallatin purchased the place in 1788. Mr. Thompson bought it from Mrs. Sara Dawson Speer. In this house Lafayette was entertained in 1825 when he visited Uniontown.

NO REMONSTRANCES AGAINST LOCAL LICENSE APPLICANTS

Dr. Ott's Lecture on "Building a City"

Asked to Give Same Talk he Gave Before Chicago Board of Trade.

Dr. Edward Amherst Ott, who is to lecture at School Hall tonight on the Citizen's Entertainment course, has been asked to give his talk on "Building a City," a new and immensely popular lecture. Dr. Ott gave this lecture before the Chicago Board of Trade and was highly commended for it.

TEN PER CENT INCREASE ASKED

Miners Base Requests on Results of Test Made at Charleroi Mines

TO CONVENE AT TOLEDO

The joint wage scale conference between the operators of the bituminous coal mines in Western Pennsylvania, Ohio and Indiana and the organized mine workers of these States appointed for today at Toledo was postponed by the convention of the United Mine Workers of America, in session at Indianapolis until tomorrow.

The convention yesterday at Indianapolis adopted the report of its wage scale committee demanding a wage increase of 10 cents a ton on all coal mined and an equivalent increase for all classes of labor in and out of the mines.

Coal to be weighed before screened and paid for on that basis.

An eight hour day.

Time and a half for evertime, holidays and Sundays.

A two year contract to go into effect April 1, 1910.

Contracts in all the bituminous coal fields of the United States and Canada are to be made on the scale this year, and no district will be permitted to sign a contract until all have negotiated the uniform agreement with the operators. The miners proposed, as expressed in the convention, that if there is to be strike, it shall be a National strike.

A clause of the contract to be presented at Toledo provides that the miners in Western Pennsylvania shall not be required to pay more for the new explosives than they now pay for black powder and that the wage scale shall be so adjusted that they shall suffer no loss of production through the use of the new explosives.

This is in accordance with the test made at the Charleroi Coal Works, the results there being a guide in preparing the contract.

To the Public

The barber shop of G. A. Martucci is run as an independent shop, with prices for shaving the same as in the past No additional price for shaving will be charged.

G. A. Martucci,
621 Fallowfield avenue. 139t3

I. O. Wycoff, the undertaker, removed yesterday from his home on Fallowfield avenue, near Third street, to the J. M. Whitlatch house at 418 Washington avenue.

Washington Breweries the Principal Object of Attack.

TEMPERANCE FORCES UNITE

Anti-Saloon League has Prepared Stiff Fight for the Liquor People.

Yesterday was the last day for filing remonstrances and supplementary petitions at Washington for the license court which will convenes Monday of next week, and it was a very busy period at the office of the clerk of courts. Headed by the Anti-Saloon League, and assisted by the trustees of the Jerome Plummer fund, the friends of temperance are preparing to put up a hard fight against many of the applicants for license.

From the remonstrances and objections filed it is shown that the temperance people are not making general objections against the granting of any and all licenses, but have selected particular applicants, against whom direct and specific charges have been made. Among these are the three breweries located at Washington—the Star, the Cresent and the Washington. The Acme brewery at Bentleyville and the Independent brewery at Monongahela will also be attacked with specific charges and big remonstrances. Some of the charges against the breweries are furnishing beer to unlawful clubs and speakeasies, to peddling it around in territory outside their jurisdictions, and suppying beer drinking parties promiscuously.

Objections are filed to the application of Julia A. Vandegrift of Allenport for a retail license; the application of Joseph M. Good, West Brownsville, for a retail license; the application of Walter S. Bower, East Bethlehem township, for a retail license; George Muehlauer, West Brownsville, for a retail license; Charles Fechter, Roscoe, for a retail license, and Mary Noble, Carroll township, for a retail license.

There are charges and specifications against Harry S. Hayden, who desires a renewal of his wholesale license at Monongahela. Hayden yesterday filed one of the largest supplemental petitions ever filed, there being 1,911 signatures to it. Charges are made against Gilpin and Taylor South, known as the Vandergrift Distilling company at Fredericktown. Charges are also made against Louis Lazzari, retail, Monongahela; Jacoo Will, retail, McDonald; J. N. Moore, East Bethlehem township, and Samuel Thompson, retail, Roscoe.

No remonstrances or objections have been filed against any of the Charleroi applicants, who have made special efforts to comply with the law. It is rumored that information may be made against some of the clubs and resorts in this section. The court, it is stated, will be asked to define the status of the clubs and if the evidence that is said to have been collected against a number of these in this community shows that the law has been violated they will be prosecuted to the full extent of the law.

Mrs. Laura May Gedge

Mrs. Laura May Gedge, 22 years old, wife of William Gedge, a department superintendent at the American Steel and Wire works at Donora, died yesterday. She was a daughter of Mr. and Mrs. John M. Hare of Belle Vernon.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

Tariff Not All

Those who are prone to attach all the blame of the high cost of living to the tariff, should make a thorough investigation along that line. When they do they will find that the highly protected products are not the only things that advance in price. Every product, or service, from the price of a shave to a head of cabbage, has gone up in price, and the big revolt on the part of the people at this particular time is on acount of high prices of a product that has hitherto been regarded as having the least modicum of protection. In fact the farmer has been touted as having no protection at all for his products, while a tariff is imposed on nearly everything that he is obliged to buy. Now it is the high prices of the farmer's products that is arousing the indignation of the people.

Iron and steel is the one industry above all others that is supposed to get the highest benefits of protection, and the steel trust is the basis of all attacks on the tariff, yet without this industry Pennsylvania would fare badly. There are in round numbers one billion dollars actually invested in the manufacturer of iron and steel in this State, giving employment to half a million or more of people, to say nothing of the subsidiary benefits from the coal mining and coking industries. There is never any controversy about the tariff protecting and fostering this industry, yet the people are not kicking about the price of iron and steel today. It is the high prices of the products of the farm that are arousing the most strenuous objections, the industry that gets the least tariff protection.

Out of the mass of investigations that are in progress as to the causes of high prices one fact stands out alone. This is individually responsibility. It is within the province of nearly every man, woman and child to accept or reject economic conditions that are imposed upon them by the decree of fashion or custom. So long as they are willing to acceed to all demands, they will be imposed. When they refuse to be a party to the mad race for extravagant living, conditions will change acordingly. It is not the tariff that is responsible. Individual action alone will correct the economic evils that are now pressing most heavily.

Hope For Peace

While the feeling all along in regard to the new mining scale to be asked by the United Mine Workers have been most optimistic, later developments are not so cheering. The miners have asked an advance, just as every one expected, but the operators, on the other hand positively declare they must have a reduction over the scale in force during the past two years.

Coming as this does somewhat unexpectedly, the public is at a loss to know whether this attitude is taken for the purpose of forcing a compromise, or whether the operators really mean what they assert. If the latter, than a gigantic struggle is pending, which will completely demoralize industrial conditions in every part of the country.

In the face of the rapidly increased cost of living a reduction for the miners at this time is not to be thought of. If the operators are really in earnest, industrial conditions must be in a bad way. It was taken for granted that they would advance the prices of coal, and that the consumers would have to acceed. The operators have all along claimed that they were making no money in mining and selling coal, and that competition from West Virginia, where the miners are unorganized, has kept coal prices down to the lowest ebb. It is to be hoped, however, that the attitude of the operators is what it seems—a step to effect a compromise—and that negotiations over the new wage scale will not be long drawn out.

Good Boating

Notwithstanding this winter has been somewhat on the "old-fashioned" order, the river has been open the most of the time, together with a good boating stage. Up to the present time all the coal available for shipment has been sent down the Ohio and Mississippi rivers and few seasons have been more auspicious for river shipments than the present one up to this writing.

One of the hopeful signs of the times is the large shipments from the iron and steel mills by water from this section. This means a widened market with cheaper transportation to a base of distribution where it is most needed. Monessen and Donora can make enough wire fencing to enclose the earth, and with bases of distribution along the Ohio and Mississippi rivers the great farming sections where this fencing is in constant demand can be more easily supplied. This makes more industry for this section, and emphasies the pressing necessity for the canalizing of the Ohio river.

There is a new dance in New York called "Elektra." It is described as something worse than the Salome dance, and more resembles an epileptic fit set to music, than anything else, according to a New York writer.

A correspondent refers to music as a sport. Evidentally this is it is sort of a baseball game.

A New Jersey justice has involuntarily suggested a new law for the government to adopt by refusing to allow aviators the use of the air over his grounds. Its a question of how much air a man should be allowed to own.

The Boston youngster who recently caused a sensation by telling Boston professors things they had not dreamed of is ill from overstudy. Luther Burbank who believed that a child should not see the inside of a school house until he is 10 years old, seem to have had some sense after all.

With the price of a shave advanced to 15 cents, a popular melody will be "But Still his Whiskers Grew."

According to the Side Steps man of the New Castle Herald it is about time some of the reformers began to clamor for a safe and sane groundhog day.

Bishop Canevin Issues Regulations

Bishop Canevin has issued a letter to rectors of all Catholic churches in the Pittsburg Diocese containing the regulations for Lent which begins with Ash Wednesday, February 9.

Corresponding with this letter is the annual announcement for taking the offering for mission work among the Indians and colored people which is to be taken in all the churches for the diocese, February 13, the first Sunday in Lent.

The rule applying to the use of meats is the same as for several years past.

Catholics throughout the Pittsburg diocese will celebrate St Blaze Day Thursday, while Candlemas Day will be observed tomorrow. Candles will be issued in each church of the diocese tomorrow. Thursday Catholics will have their throats blessed.

Skin Diseases Readily Cured by a Simple Home Treatment.

Persons who are suffering from blackheads, pimples, dandruff, eczema, tetter, ring worm, or any form of skin disease, often ask the question, "is there a cure?"

We, Piper Bros. the druggist say, "yes, there is a cure." ZEMO, a scientific, clean, liquid preparation for external use, gives prompt relief and permanently cures every form of skin and scalp disease, whether on infants or grown persons. We will show you proof of many remarkable cures made by ZEMO and will gladly explain to you how you can be cured by this clean, simple home treatment. Piper Bros.

NOT ALWAYS AGE

Beautiful Complexions are Often Hidden by the Accumulation of Years.

Are you really old, or just unclean? That is what many a woman may honestly ask her companion. The first part of this inquiry may sound a little more dignified than the last, but it's a fair question. Water and soap may have been used daily, and yet the pores will fill with foreign matter. Indeed the soaps and water may and ofter do deposit impurities in our myriad of pores. The only real cleansing process is to be found in the use of massage creams, the best of which unquestionably is the well known Crown Cream. While this is a remarkable beautifier when used ever with massage, its action in connection with the Harlan Beauty Cup is truly marvelous. This latter toilet device is made of pure Para rubber and by a gentle vacuum action, removes all impurities from the pores of the skin, and at the same time effectively massages its entire texture. In this manner the surface is thoroughly freshened, while the circulation beneath is quickened with new life. Crown Cream is sold everywhere for 50c a jar, which is only the price asked for ordinary face creams and the Harlan Beauty Cup also retails at half a dollar. Ask your own dealer and if he is not supplied, send to the Harlan Mfg. Co., Toledo, Ohio, for the "Crown Cream Beauty Book," which is free for the asking, or oder the goods named. For sale at Hennings' drug store, Fifth street and McKean avenue

Dr. Wm. E. Barker Makes a Remarkable Statement After Traveling from the Atlantic to the Pacific

As he secured some of the most notable indosements to his theory, he does not hestitate in saying that he will positively guarantee bloodine to cure stone in the bladder of any kidney or bladder trouble, no matter how long you have been suffering. Ninety-seven per cent of the entire population of the United States are afflicted with kidney or bladder trouble. In the last seven years bloodine has cured 96 per cent of the cases that have been treated with it.

Hundreds of cases of hemorrhage of the bladder have been cured after treatment in some of the leading hospitals have failed to even relieve the patient. We are therefore confident that our theory of treating these cases with bloodine, is the only possible manner in which such a large percentage of cases can be cured that we do not hesitate to guarantee the efficiency of bloodine.

Mr. Hanson, the business manager of the Postal Telegraph and Cable Co., of Biddeford, Maine, had a stone in the bladder removed with six and one-half bottles bloodine, after being told by all of the leading physicians in his vicinity that the only way it could possible be removed was by an operation. We stand ready to furnish positive proof of the above statement to any one doubting the truth of the same.

More than five million bottles of bloodine were sold in America last year. Can there by any greater evidence of merit than this unparalleled sale of a scientific product? No other product has ever met with such astounding sales in so short a period and from a conservative estimate the sales this year will reach ten million bottles. 2880 bottles were sold in a single day's sales in Cleveland, Ohio; 2160 bottles were sold in Rochester, N Y., at the first day's introductory sale, and 1400 bottles in Patterson, N. J., in one day. No scientific treatment has ever attained such success in America. We are now supplying druggists with bloodine, for the convenience of those wishing to convince themselves of its merits. If your druggitst does not have it, The Bloodine Laboratories, Boston, Mass., will supply you with a six week's treatment, six bottles, for $2.50; 50c a bottle, trial sample and booklet 10c.

WOODBURY writes about His Famous HAIR TONIC

Extract from an article written by the Master Dermatologist when Woodbury's combination Hair and Scalp Treatment was first successfully prepared for Home Use.

"The formula under which this Hair Tonic is made was tested and improved for over thirty-five years before a bottle was sold through the stores."

"For over thirty-five years this Tonic has been used in the enormous practice of John H. Woodbury's Dermatological Institute."

"Millions of cases were treated, and after their cure the patients continued the use of this Tonic as a delightful refreshment to the scalp

If you don't see Woodbury's face on the label it's an imitation.

and to keep the hair soft, rich and glossy."

"This necessarily meant repeated calls at the Woodbury Institute, often at the inconvenience of patients living at a distance."

"To supply this demand, and the growing call from those who had not been treated, for a Hair Tonic which was scientifically successful (not a mere commercial product) this Tonic has now been put on the market and can hereafter be had from all reputable dealers."

Now, right in your own home, you can use the preparations formerly supplied only to office patients of the Institute. No other preparations for the Hair and Scalp are backed up by the same unlimited experience. No others give such quick and such satisfactory results.

Woodbury's Hair Tonic saves the hair when all other preparations fail. It prevents dandruff; stops falling hair, and instantly relieves itching scalp. It restores the lustre to the hair; preserves it's natural color; increases its vitality and makes it beautiful and abundant.

Everyone Endorses Woodbury's

Hair Growing Nicely.

My hair stopped [illegible] just as I used the Woodbury's Scalp Cream in conjunction with the Scalp Cleaner. It's action was just like magic. The thick grey dandruff is all gone. My hair is growing nicely and taking on a new growth. Your Hair Tonic I use night and morning, and it is the nicest hair dressing I have ever used. Thanking you for the letters of advice, I remain,

Sincerely yours,
Mrs. JOHN F. HOWSON,
498 Quincy Street, Brooklyn.

This Specialist Uses Woodbury's

After ten years of careful study, and close observation of all conditions of the hair and scalp, I find the Woodbury method of treatment most successful of all. It is based on the most correct scientific principles. In cases of scalp disease the Woodbury preparations go right to the root of the trouble, and their curative and stimulating properties are remarkable. Am now using them exclusively in my offices and the results obtained are most satisfactory.

JAMES B. QUINN,
Hair and Scalp Specialist,
Monolith Building, New York City

Quick Results Pleased Him.

The dandruff and itching scalp were terrible and my hair was thinning out over the temples and at the back of my head at an alarming rate. Nothing seemed to help until I used the Woodbury remedies, but good results were then noticed from the start, and in a few days the dandruff was entirely gone and new hairs began to show. What pleased me most was that results were so quick. The Woodbury Hair and Scalp Remedies certainly make the hair grow.

Yours very truly,
FRANKLIN G. SCHWARZ,
14 Spruce Street,
Corona, L. I.

California Girls

The big burlesque boom, the California Girls, the swellest thing in Burlesque, will be seen at the Coyle Theatre Saturday night February 5. Five big vaudeville acts, 25 people, 16 bright catchy, up-to-date musical numbers, two new and organized burlesques. "The Girls of the U. S. A." and the "King of Tobaso" are a scream from start to finish. Miss Virginia Reid, in the wonderful Cleopatra dance is a leading attraction.

LIFE ISN'T WORTH LIVING

When this Statement is Made It May be Generally Attributed to the Lack of Good Health

We want to talk to people who are nervous, who suffer frequent headaches, who don't enjoy their food, who are irritable, quickly lose their temper who are so exhausted that they feel they must give up, and have become so despondent that life doesn't seem worth living. We believe we know what is the matter with these people in this condition, and if they will follow our advice we can tell them how to regain good health and that buoyancy of feeling which makes life seem surrounded with happiness and sunshine.

Most of the above described conditions are chiefly caused by what is commonly called catarrh, a "bellow par" condition of mucous membranes. This delicate lining of certain of the body cavities becomes weakened, inflamed and congested until the whole system is weakened as one of the results. The wise way to overcome this condition is through a treatment of the general system. We have the treatment, and we are so positive it will produce the results we claim for it that we will supply it to any one with the understanding that we will return to them every penny paid us in every instance where the treatment is not in every way satisfactory and beneficial to them.

We want you to try Rexall Mucu-Tone, which is a scientifically devised alterative tonic and body builder, its action being to aid the body in its effort to re-establish the natural and healthy functions of the mucous membranes.

Rexall Mucu-Tone thus acts to expel the "catarrhal poison," restore the mucous cells to good health, tone up the whole body, allay inflammation, remove congestion and stimulate the system to healthy activity. It is splendid for aiding in the building up of flesh and muscle tissue and removing weaknesses.

Come to our store and get a bottle of Mucu-Tone, and after giving it a reasonable trial, if you are not satisfied simply tell us so, and we will hand back your money without question. Surely nothing could be more fair than this. Rexall Mucu-Tone comes in two sizes 50 cents and $1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

SORE THROAT

Colds, Coughs, Croup and Catarrh Relieved in two Minutes

Is your throat sore?
Breathe Hyomei.
Have you catarrh?
Breathe Hyomei.
Have you a cough?
Breathe Hyomei.
Have you a cold?
Breathe Hyomei.

Hyomei is the best remedy for all nose, throat and lung troubles. It does not contain any cocaine or morphine and all that is necessary is to breathe it through the little black pocket inhaler that comes with each outfit.

A complete outfit cost only $1.00 at druggists everywhere and at Piper Bros. and Hyomei is guaranteed to cure catarrh, croup, coughs, colds, sore throat and bronchitis or money back. A Hyomei Inhaler lasts a lifetime and extra bottles of Hyomei can be obtained from druggists for only 50 cents. Sample of Hyomei and booklet free. Address Both's Hyomei Co., Buffalo, N. Y.

Speers

A sledding party left here early Sunday evening for a trip to the country and although the return was made long before midnight there was more genuine excitement crowded into those four hours, than is usually experienced in a week. Probably two miles were traveled without any mishap, and the occupants of the sled had commenced to sing that popular ballad "Who Swiped the Overshoe" when the sled skidded to one side and in a twinkling 14 people were floundering in a snow drift. A snap shot at that particular moment would have brought a fortune. Here could be seen a beautiful arm encircled by a bracelet protruding from the snow. There could be seen a shapely foot, wriggling around, as though appealing for help. The men seemed loth to give assistance—just stood and looked and looked. Finally one man took an inventory of the situation and discovered that two girls were walking over 'Joe Pap' Beazell's face; also that another young lady had jumped on an umbrella, put her foot in it, and had broken three ribs—of the umbrella.

After taking about 15 minutes to disentangle the young lady, the thoughtful man reluctantly turned his attention to "Joe Pap" and vigorously worked him to an upright position. The sled was soon righted and reloaded, the crowd struck up a new song entitled "Her Christmas Gift is Out of Sight" and the mishap was soon a thing of the past. Another trip is being planned, but "Joe Pap" says if he goes he's going to wear a base ball mask.

VALUABLE INFORMATION IN INDUSTRIAL NUMBER

Replete with information concerning Washington county is the seventh financial and business review number of the Washington Observer, which was issued Saturday. This number, which contained 36 pages, comprehensively reviews all the financial institutions of the county, showing their growth and prosperity. The condition of business among the factories and industrial establishments of the county are presented, together with much valuable information concerning coal mining and the coal lands of the county. The names of all the owners of coal and the amount and location of their holdings are presented, which in itself is a valuable piece of information.

The status of the county roads and other public works of the county are prominent features and economic, social and scientific matters in special articles which apply locally make the number one of the most interesting and valuable yet issued by this enterprising newspaper.

Successful Euchre

The euchre given by the Ladies Auxiliary of the Monessen-Charleroi Hospital at the Elks Club house last night, was well attended and was a success socially and financially. The affair was one of the most pleasant events of the kind held for some time.

COASTING ACCIDENTS RESULT IN INJURY OF CALIFORNIA PEOPLE

Two Hurt, One by Being Thrown from Sled, Other by Being Run Into.

Two people were victims of coasting accidents on the streets of California last night, Wilbur Croner, a well known young man, the son of Mr. and Mrs. James Croner, and J. E. Abell, a retired business man and civil war veteran. Young Croner was the most seriously hurt, and was unconscious for some hours following the accident but is said to be all right this morning. Mr Abell was not so very seriously injured, a few bruises about the body constituting the extent of his wounds.

On Wood street there is a veritable glare of ice from top to bottom, and sled riding is exceedingly fine, as well as dangerous. Young Croner had his sled, a big affair, out last night. At the time of the accident about 9 o'clock he was coming down the hill at a lightening clip, with Prof. Earnest Coffin, instructor of Latin at the Normal, Miss Ida C. Pratt, a training teacher, Miss Thompson, another teacher of the Normal, and Will Hart on the sled.

Croner was guiding his sled by a skate, which was attached to a foot. The skate coming off near the bottom of the hill he was thrown from the sled. He tried to regain his position on the front but was thrown aside and against the curbing. His head striking the curb he was rendered unconscious. The others were thrown off but were uninjured.

Croner was taken home, and Dr. Leatherman called in attendance. He worked over him for some time, and finally the young man was brought to at about 2 o'clock this morning.

Mr. Abell was hurt in the evening while crossing Wood street. He failed to notice a sled which hit him, and knocked him down. Mr. Abell was taken home, and besides a few bruises is all right.

FOR SALE—Furniture for light house keeping. Must be sold this week; also National Cash register. Fosters' Millinery store. 140t2

"THE CONVICT'S DAUGHTER," COYLE THEATRE, THURSDAY, FEBRUARY 3

THE CHARLEROI MAIL

Entered second class mail at Charleroi, June 15, 1909, according to Act of Congress of March 8 1879

VOL. X. NO. 140. CHARLEROI, WASHINGTON CO., PA., TUESDAY, FEBRUARY 1, 1910. One Cent

RUNAWAY CHARLEROI BOYS CAPTURED IN ST. LOUIS

Were on Way to Utah to Search for Buried Treasures.

DIME NOVELS RESPONSIBLE

Paraphernalia Included Telescope, Rifle and a Book of Prayer.

Washington Patrick, the father of Michael Patrick, one of the boys picked up by the St. Louis, Mo., police after he had got that far on a trip to the wild and wooly west, sent money today for his son to return home. John Labash, the father of William Labash, the other runaway, sent money last night, in care of the St. Louis police. The boys were picked up at the Union station in St. Louis, yesterday, equipped it is said with a full paraphenalia for hunting Indians and digging buried treasures. Chief of Police C. W. Albright was notified here and informed the boy's parents. The money was sent partly through the agency of Chief of Police Albright and Frank Fagula.

The boys left their homes here on Saturday, and rode to Pittsburg by trolley. By combining their savings they succeeded in getting to St. Louis, where their strange appearance attracted attention.

Sombrero hats worn by them with yellow bands, aroused the suspicion of the police. The boys' baggage included a knockdown rifle, a pistol a hatchet, a dirk, a dagger, ammunition, a telescope, a loaf of bread, a roll of stage money, and a prayer book. The boys said the reading of dime novels caused them to start for Utah to unearth buried treasures. The rifle was to fight back invaders and the telescope to detect Indians.

Patrick is 18 years old and Labash 16. The parents of both were grief stricken over their disappearance and were overjoyed when trace of them was found.

"CONVICTS DAUGHTER"

A PLAY OF MUCH MERIT

"The Convict's Daughter," which will be the attraction at the Coyle Theatre next Thursday evening, is said to be one of the best presented comedy dramas offered to the theatre going public, while in incident and theme it is most powerful, every climax breaking with a most volcanic intensity. In the entire company, from the actor who interprets the leading role down to the mere stage loiterers, there is not one single person who has been negligently selected or unintelligently cast. This comedy-drama, which lacks all the melodramatic thunder of bygone days, is new and unknown, but cannot remain so, for its magnificience at once becomes its herald and sounds its own alarm. Nothing has been sacrificed to appearance, and for these is brought together a series of incindents that holds the interest giving a pleasant finish to a story that is said to be taken from life. The climaxes develop quickly and break magnificiently, while the lighter moments are as rolling as a Sousa March, the sentimental fragments being truly natural and the comedy hits as sparkling as the lights which adorn the stage.

Miss E. J. Greenwood is spending the day in Pittsburg with friends.

May Take up Matter of High Meat Prices

Central Trades Council will Hold Regular Meeting Tonight.

The Central Trades Council of Charleroi will hold a meeting tonight, and it is possible may take up the matter of the high prices of meat, and other products. In other towns and cities over the country, the matter has been taken up, and a boycott formed, and there has been some thought of doing the same here.

BODY OF FLOATER YET UNIDENTIFIED

Still at Undertaking Rooms of Correll and Crowley in Charleroi.

HAVE HAD MANY INQUIRIES

The body of the man who was found floating in the river near Fayette City last week, and which is being held at the undertaking room of Correll and Crowley in Charleroi, remains unindentified. There have been some inquiries, but as yet there has not been any tangible clue upon which to work to ascertain the man's name and and former place of habitation.

Every effort is being made to learn something of the mun. Authorities of up river towns have been communicated with, but have no knowledge of the disappearance of any man. Yesterday a telephone message was received from Connellsville about a man by the name of Bonnell who had disappeared from there, but the description did not fit.

The only means by which the man may be indentified is by the clothing, which is in a good state. In a pocket was found the initials M. W. D. It is thought that the body is that of an American. The body will be held a few days more, in the hope that it may be identified and claimed by friends or relatives.

JANUARY SHIPMENTS OF COAL BETTER THAN FIRST MONTH OF 1909

The first month of the new year was a good one at Lock No. 4, as regards shipments of coal, and indicates better things to come. The shipments of coal for the month surpassed those of January of the previous year by 261,000 bushels.

The total shipments for the months of January this year were 15,158,000 bushels. In 1909 the shipments for January were 14,899,000 bushels. During the first month this year there were 629 lockages down stream, and 649 lockages up stream. The rainfall averaged 5.99 inches, as compared with 2.59 inches of an average in January 1909.

The steamer Bertha went down stream yesterday with one model barge containing 1450 tons of wire and nails loaded from the Monessen mills. At the present time the water is at a good stage, and shipments should continue heavy.

PAY NO ATTENTION TO THE OTHER CONTESTANTS

In Any Competition, Especially in a Contest of This Kind, You Will do Better to Attend Exclusively to Your Own Affairs and Not Worry About Your Rival.

GENERAL SHERMAN, a brilliant and successful soldier, frankly admitted that General Grant was a greater commander. Sherman used to say: "I know more tactics and strategy than Grant, have just as good a mind and a better military training, but what the other fellow is doing when Grant can't see him desn't worry him a bit, while it worries me like thunder."

Grant found that he had enough to do attending to be management of his own campaigns. He knew that his opponents were all briliant men. He played his own game, laid out his own campaign, and did so well that he SUCCEEDED.

CONTESTANTS in this great race should never mind what the other one is doing, but keep right on hustling and when the race is ended be one of the proud and happy winners of some magnificient prize.

Don't spend your time trying to find out how many votes your competitor has received.

Say to yourself, now the time is short, and I can't afford to throw it away, but I will spend every minute that is possible looking after subscriptions for what is the only way to succeed in this contest. I know that I can't secure enough of the single coupons out of the paper each day to win, but they are valuable and I won't throw them away, for every little bit helps.

THE BONUS VOTE.

The special vote offer for this week is 10,000 extra votes, for every $15.00 turned in. This is a splendid chance for any contestant to secure a larger number of votes, very easily. The work of this week will mean much for all contestants. No candidate should fail to get more than one or more of the EXTRA ballots for 10,000 VOTES.

KEEP EVERLASTINGLY AT IT.

NO REMONSTRANCES AGAINST LOCAL LICENSE APPLICANTS

Washington Breweries the Principal Object of Attack.

TEMPERANCE FORCES UNITE

Anti-Saloon League has Prepared Stiff Fight for the Liquor People.

Yesterday was the last day for filing remonstrances and supplementary petitions at Washington for the license court which will convenes Monday of next week, and it was a very busy period at the office of the clerk of courts. Headed by the Anti-Saloon League, and assisted by the trustees of the Jerome Plummer fund, the friends of temperance are preparing to put up a hard fight against many of the applicants for license.

From the remonstrances and objections filed it is shown that the temperance people are not making general objections against the granting of any and all licenses, but have selected particular applicants, against whom direct and specific charges have been made. Among these are the three breweries located at Washington—the Star, the Cresent and the Washington. The Acme brewery at Bentleyville and the Independent brewery at Monongahela will also be attacked with specific charges and big remonstrances. Some of the charges against the breweries are furnishing beer to unlawful clubs and speakeasies, to peddling it around in territory outside their jurisdictions, and supplying beer drinking parties promiscuously.

Objections are filed to the application of Julia A. Vandegrift of Allenport, for a retail license; the application of Joseph M. Good, West Brownsville, for a retail license; the application of Walter S. Bower, East Bethlehem township, for a retail license; George Muehlauer, West Brownsville, for a retail license; Charles Fechter, Roscoe, for a retail license, and Mary Noble, Carroll township, for a retail license.

There are charges and specifications against Harry S. Hayden, who desires a renewal of his wholesale license at Monongahela. Hayden yesterday filed one of the largest supplemental petitions ever filed, there being 1,911 signatures to it. Charges are made against Gilpin and Taylor South, known as the Vandergrift Distilling company at Fredericktown. Charges are also made against Louis Lazzari, retail, Monongahela; Jacob Will, retail, McDonald; J. N. Moore, East Bethlehem township, and Samuel Thompson, retail, Roscoe.

No remonstrances or objections have been filed against any of the Charleroi applicants, who have made special efforts to comply with the law. It is rumored that information may be made against some of the clubs and resorts in this section. The court, it is stated, will be asked to define the status of the clubs and if the evidence that is said to have been collected against a number of these in this community shows that the law has been violated they will be prosecuted to the full extent of the law.

Dr. Ott's Lecture on "Building a City"

Asked to Give Same Talk he Gave Before Chicago Board of Trade.

Dr. Edward Amherst Ott, who is to lecture at School Hall tonight on the Citizen's Entertainment course, has been asked to give his talk on "Building a City," a new and immensely popular lecture. Dr. Ott gave this lecture before the Chicago Board of Trade and was highly commended for it.

TEN PER CENT INCREASE ASKED

Miners Base Requests on Results of Test Made at Charleroi Mines

TO CONVENE AT TOLEDO

The joint wage scale conference between the operators of the bituminous coal mines in Western Pennsylvania, Ohio and Indiana and the organized mine workers of these States appointed for today at Toledo was postponed by the convention of the United Mine Workers of America, in session at Indianapolis until tomorrow.

The convention yesterday at Indianapolis adopted the report of its wage scale committee demanding a wage increase of 10 cents a ton on all coal mined and an equivalent increase for all classes of labor in and out of the mines.

Coal to be weighed before screened and paid for on that basis.

An absolute eight hour work day.

Time and a half for overtime, holidays and Sundays.

A two year contract to go into effect April 1, 1910.

Contracts in all the bituminous coal fields of the United States and Canada are to be made on this scale this year, and no district will be permitted to sign a contract until all have reached the uniform agreement with the operators. The miners proposed, as expressed in the convention that if there is to be strike, it shall be a National strike.

A clause of the contract to be presented at Toledo provides that the miners in Western Pennsylvania shall not be required to pay more for the new explosives than they now pay for black powder and that the wage scale shall be so adjusted that they shall suffer no loss of production through the use of the new explosives.

This is in accordance with the test made at the Charleroi Coal Works, the results there being a guide in preparing the contract.

To the Public

The barber shop of G. A. Martucci is run as an independent shop, with prices for shaving the same as in the past. No additional price for shaving will be charged.

G. A. Martucci,
621 Fallowfield avenue. 1393

I. O. Wycoff, the undertaker, removed yesterday from his home on Fallowfield avenue, near Third street, to the J. M. Whitlatch house at 418 Washington avenue.

Mrs. Laura May Gedge

Mrs. Laura May Gedge, 22 years old, wife of William Gedge, a department superintendent at the American Steel and Wire works at Donora, died yesterday. She was a daughter of Mr. and Mrs. John M. Hare of Belle Vernon.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

Depository for the State of Pennsylvania.

EMBEZZLEMENT CHARGE AGAINST LOCAL MAN

Albert Habb, said to be a former collector for the Singer Sewing Machine company, was arrested in Charleroi yesterday by Constable Milt Morris of Uniontown, on a charge of embezzlement, preferred by A. B. McKenna, a Singer sewing machine representative. The information was made before Justice of the Peace Bierer of Uniontown. Habb furnished bond for his appearance.

J. V. Thompson Buys Historic Property

J. V. Thompson of Uniontown closed a deal for the purchase of "Friendship Hill," the old home of Albert Gallatin. In the estate are 700 acres and the price was $175,000. Albert Gallatin purchased the place in 1788. Mr. Thompson bought it from Mrs. Sara Dawson Speer. In this house Lafayette was entertained in 1825 when he visited Uniontown.

Tariff Not All

Those who are prone to attach all the blame of the high cost of living to the tariff, should make a thorough investigation along that line. When they do they will find that the highly protected products are not the only things that advance in price. Every product, or service, from the price of a shave to a head of cabbage, has gone up in price, and the big revolt on the part of the people at this particular time is on acount of high prices of a product that has hitherto been regarded as having the least modicum of protection. In fact the farmer has been touted as having no protection at all for his products, while a tariff is imposed on nearly everything that he is obliged to buy. Now it is the high prices of the farmer's products that is arousing the indignation of the people.

Iron and steel is the one industry above all others that is supposed to get the highest benefits of protection, and the steel trust is the basis of all attacks on the tariff, yet without this industry Pennsylvania would fare badly. There are in round numbers one billion dollars actually invested in the manufacturer of iron and steel in this State, giving employment to half a million or more of people, to say nothing of the subsidiary benefits from the coal mining and coking industries. There is never any controversy about the tariff protecting and fostering this industry, yet the people are not kicking about the price of iron and steel today. It is the high prices of the products of the farm that are arousing the most strenuous objections, the industry that gets the least tariff protection.

Out of the mass of investigations that are in progress as to the causes of high prices one fact stands out alone. This is individually responsibility. It is within the province of nearly every man, woman and child to accept or reject economic conditions that are imposed upon them by the decree of fashion or custom. So long as they are willing to acceed to all demands, they will be imposed. When they refuse to be a party to the mad race for extravagant living, conditions will change acordingly. It is not the tariff that is responsible. Individual action alone will correct the economic evils that are now pressing most heavily.

Hope For Peace

While the feeling all along in regard to the new mining scale to be asked by the United Mine Workers have been most optimistic, later developments are not so cheering. The miners have asked an advance, just as every one expected, but the operators, on the other hand positively declare they must have a reduction over the scale in force during the past two years.

Coming as this does somewhat unexpectedly, the public is at a loss to know whether this attitude is taken for the purpose of forcing a compromise, or whether the operators really mean what they assert. If the latter, than a gigantic struggle is pending, which will completely demoralize industrial conditions in every part of the country.

In the face of the rapidly increased cost of living a reduction for the miners at this time is not to be thought of. If the operators are really in earnest, industrial conditions must be in a bad way. It was taken for granted that they would advance the prices of coal, and that the consumers would have to acceed. The operators have all along claimed that they were making no money in mining and selling coal, and that competition from West Virginia, where the miners are unorganized, has kept coal prices down to the lowest ebb. It is to be hoped, however, that the attitude of the operators is what it seems—a step to effect a compromise—and that negotiations over the new wage scale will not be long drawn out.

Good Boating

Notwithstanding this winter has been somewhat on the "old-fashioned" order, the river has been open the most of the time, together with a good boating stage. Up to the present time all the coal available for shipment has been sent down the Ohio and Mississippi rivers and few seasons have been more auspicious for river shipments than the present one up to this writing.

One of the hopeful signs of the times is the large shipments from the iron and steel mills by water from this section. This means a widened market with cheaper transportation to a base of distribution where it is most needed. Monessen and Donora can make enough wire fencing to enclose the earth, and with bases of distribution along the Ohio and Mississippi rivers the great farming sections where this fencing is in constant demand can be more easily supplied. This makes more industry for this section, and emphasies the pressing necessity for the canalizing of the Ohio river.

Meat Study No. 6

Jack Spratt could eat no fat
His wife could eat no lean;
But the prices for both fat and
lean being prohibitive, they
switched to vegetables and,
as before, they
Licked the platter clean.

Chief of Police Albright has Bonesetter Reese beaten to a frazzel when it comes to performing miraculous medical phenomena.

There is a new dance in New York called "Elektra." It is described as something worse than the Salome dance, and more resembles an epileptic fit set to music, than anything else, according to a New York writer.

A correspondent refers to music as a sport. Evidentally thinks it is sort of a baseball game.

A New Jersey justice has involuntarily suggested a new law for the government to adopt by refusing to allow aviators the use of the air over his grounds. Its a question of how much air a man should be allowed to own.

The Boston youngster who recently caused a sensation by telling Boston professors things they had not dreamed of is ill from overstudy. Luther Burbank who believed that a child should not see the inside of a school house until he is 10 years old, seem to have had some sense after all.

With the price of a shave advanced to 15 cents, a popular melody will be "But Still his Whiskers Grew."

According to the Side Steps man of the New Castle Herald it is about time some of the reformers began to clamor for a safe and sane groundhog day.

Bishop Canevin Issues Regulations

Bishop Canevin has issued a letter to rectors of all Catholic churches in the Pittsburg Diocese containing the regulations for Lent which begins with Ash Wednesday, February 9.

Corresponding with this letter is the annual announcement for taking the offering for mission work among the Indians and colored people which is to be taken in all the churches for the diocese, February 13, the first Sunday in Lent.

The rule applying to the use of meats is the same as for several years past.

Catholics throughout the Pittsburg diocese will celebrate St Blaze Day Thursday, while Candlemas Day will be observed tomorrow. Candles will be issued in each church of the diocese tomorrow. Thursday Catholics will have their throats blessed.

Skin Diseases Readily Cured by a Simple Home Treatment.

Persons who are suffering from blackheads, pimples, dandruff, eczema, tetter, ring worm, or any form of skin disease, often ask the question, "Is there a cure?"

We, Piper Bros. the druggist asay, "yes, there is a cure." ZEMO, a scientific, clean, liquid preparation for external use, gives prompt relief and permanently cures every form of skin and scalp disease, whether on infants or grown persons. We will show you proof of many remarkable cures made by ZEMO and will gladly explain to you how you can be cured by this clean, simple home treatment. Piper Bros.

NOT ALWAYS AGE

Beautiful Complexions are Often Hidden by the Accumulation of Years.

Are you really old, or just unclean? That is what many a woman may honestly ask her companion. The first part of this inquiry may sound a little more dignified than the last, but it's a fair question. Water and soap may have been used daily, and yet the pores will fill with foreign matter. Indeed the soaps and water may and ofter do deposit impurities in our myriad of pores. The only real cleansing process is to be found in the use of massage creams, the best of which unquestionably is the well known Crown Cream. While this is a remarkable beautifier when used ever with massage, its action in connection with the Harlan Beauty Cup is truly marvelous. This latter toilet device is made of pure Para rubber and by a gentle vacuum action, removes all impurities from the pores of the skin, and at the same time effectively massages its entire texture. In this manner the surface is thoroughly freshened, while the circulation beneath is quickened with new life. Crown Cream is sold everywhere for 50c a jar, which is only the price asked for ordinary face creams and the Harlan Beauty Cup also retails at half a dollar. Ask your own dealer and if he is not supplied, send to the Harlan Mfg. Co., Toledo, Ohio, for the "Crown Cream Beauty Book," which is free for the asking, or oder the goods named. For sale at Hennings' drug store, Fifth street and McKean avenue

Dr. Wm. E. Barker Makes a Remarkable Statement After Traveling from the Atlantic to the Pacific

As he secured some of the most notable indosements to his theory, he does not hesitate in saying that he will positively guarantee bloodine to cure stone in the bladder of any kidney or bladder trouble, no matter how long you have been suffering. Ninety-seven per cent of the entire population of the United States are afflicted with kidney or bladder trouble. In the last seven years bloodine has cured 96 per cent of the cases that have been treated with it.

Hundreds of cases of hemorrhage of the bladder have been cured after treatment in some of the leading hospitals have failed to even relieve the patient. We are therefore confident that our theory of treating these cases with bloodine, is the only possible manner in which such a large percentage of cases can be cured that we do not hesitate to guarantee the efficiency of bloodine.

Mr. Hanson, the business manager of the Postal Telegraph and Cable Co., of Biddeford, Maine, had a stone in the bladder removed with six and one-half bottles bloodine, after being told by all of the leading physicians in his vicinity that the only way it could possible be removed was by an operation. We stand ready to furnish positive proof of the above statement to any one doubting the truth of the same.

More than five million bottles of bloodine were sold in America last year. Can there by any greater evidence of merit than this unparalleled sale of a scientific product? No other product has ever met with such astounding sales in so short a period and from a conservative estimate the sales this year will reach ten million bottles. 2880 bottles were sold in a single day's sales in Cleveland, Ohio; 2160 bottles were sold in Rochester, N. Y., at the first day's introductory sale, and 1400 bottles in Patterson, N. J., in one day. No scientific treatment has ever attained such success in America. We are now supplying druggists with bloodine, for the convenience of those wishing to convince themselves of its merits. If your druggitst does not have it, The Bloodine Laboratories, Boston, Mass., will supply you with a six week's treatment, six bottles, for $2.50; 50c a bottle, trial sample and booklet 10c.

WOODBURY writes about His Famous HAIR TONIC

Extract from an article written by the Master Dermatologist when Woodbury's combination Hair and Scalp Treatment was first successfully prepared for Home Use.

"The formula under which this Hair Tonic is made was tested and improved for over thirty-five years before a bottle was sold through the stores."

"For over thirty-five years this Tonic has been used in the enormous practice of John H. Woodbury's Dermatological Institute."

"Millions of cases were treated, and after their cure the patients continued the use of this Tonic as a delightful refreshment to the scalp and to keep the hair soft, rich and glossy."

If you don't see Woodbury's face on the label it's an imitation.

"This necessarily meant repeated calls at the Woodbury Institute, often at the inconvenience of patients living at a distance."

"To supply this demand, and the growing call from those who had not been treated, for a Hair Tonic which was scientifically successful (not a mere commercial product) this Tonic has now been put on the market and can hereafter be had from all reputable dealers."

Now, right in your own home, you can use the preparations formerly supplied only to office patients of the Institute. No other preparations for the Hair and Scalp are backed up by the same unlimited experience. No others give such quick and such satisfactory results.

Woodbury's Hair Tonic saves the hair when all other preparations fail. It prevents dandruff; stops falling hair, and instantly relieves itching scalp. It restores the lustre to the hair; preserves it's natural color; increases its vitality and makes it beautiful and abundant.

Everyone Endorses Woodbury's

Hair Growing Nicely.

My hair stopped [illegible] just as I used the Woodbury's Scalp Cream in conjunction with the Scalp Cleaner. It's action was just like magic. The thick greasy dandruff is all gone. My hair is growing nicely and taking on a new growth. Your Hair Tonic I use night and morning, and it is the nicest hair dressing I have ever used. Thanking you for the letters of advice, I remain,

Sincerely yours,
Mrs. JOHN F. HOWSON,
498 Quincy Street, Brooklyn.

This Specialist Uses Woodbury's

After ten years of careful study, and close observation of all conditions of the hair and scalp, I find the Woodbury method of treatment most successful of all. It is based on the most correct scientific principles. In cases of scalp disease the Woodbury preparations go right to the root of the trouble, and their curative and stimulating properties are remarkable. Am now using them exclusively in my offices and the results obtained are most satisfactory.

JAMES B. QUINN,
Hair and Scalp Specialist,
Monolith Building, New York City

Quick Results Pleased Him.

The dandruff and itching scalp were terrible and my hair was thinning out over the temples and at the back of my head at an alarming rate. Nothing seemed to help until I used the Woodbury remedies, but good results were then noticed from the start, and in a few days the dandruff was entirely gone and new hairs began to show. What pleased me most was that results were so quick. The Woodbury Hair and Scalp Remedies certainly make the hair grow.

Yours very truly,
FRANKLIN G. SCHWARZ,
14 Spruce Street,
Corona, L. I.

A." and the "King of Tobaso" are a scream from start to finish. Miss Virginia Reid, in the wonderful Cleopatra dance is a leading attraction.

LIFE ISN'T WORTH LIVING

When this Statement is Made It May be Generally Attributed to the Lack of Good Health

We want to talk to people who are nervous, who suffer frequent headaches, who don't enjoy their food, who are irritable, quickly lose their temper who are so exhausted that they feel they must give up, and have become so despondent that life doesn't seem worth living. We believe we know what is the matter with these people in this condition, and if they will follow our advice we can tell them how to regain good health and that buoyancy of feeling which makes life seem surrounded with happiness and sunshine.

Most of the above described conditions are chiefly caused by what is commonly called catarrh, a "bellow par" condition of mucous membranes. This delicate lining of certain of the body cavities becomes weakened, inflamed and congested until the whole system is weakened as one of the results. The wise way to overcome this condition is through a treatment of the general system. We have the treatment, and we are so positive it will produce the results we claim for it that we will supply it to any one with the understanding that we will return to them every penny paid us in every instance where the treatment is not in every way satisfactory and beneficial to them.

We want you to try Rexall Mucu-Tone, which is a scientifically devised alterative tonic and body builder, its action being to aid the body in its effort to re-establish the natural and healthy functions of the mucous membranes.

Rexall Mucu-Tone thus acts to expel the "catarrhal poison," restore the mucous cells to good health, tone up the whole body, allay inflammation, remove congestion and stimulate the system to healthy activity. It is splendid for aiding in the building up of flesh and muscle tissue and removing weaknesses.

Come to our store and get a bottle of Mucu-Tone, and after giving it a reasonable trial, if you are not satisfied simply tell us so, and we will hand back your money without question. Surely nothing could be more fair than this. Rexall Mucu-Tone comes in two sizes 50 cents and $1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

SORE THROAT

Colds, Coughs, Croup and Catarrh Relieved in two Minutes

Is your throat sore?
Breathe Hyomei.
Have you catarrh?
Breathe Hyomei.
Have you a cough?
Breathe Hyomei.
Have you a cold?
Breathe Hyomei.

A complete outfit cost only $1.00 at druggists everywhere and at Piper Bros. and Hyomei is guaranteed to cure catarrh, croup, coughs, colds, sore throat and bronchitis or money back. A Hyomei Inhaler lasts a lifetime and extra bottles of Hyomei can be obtained from druggists for only 50 cents. Sample of Hyomei and booklet free. Address Both's Hyomei Co., Buffalo, N. Y.

Speers

A sledding party left here early Sunday evening for a trip to the country and although the return was made long before midnight there was more genuine excitement crowded into those four hours, than is usually experienced in a week. Probably two miles were traveled without any mishap, and the occupants of the sled had commenced to sing that popular ballad "Who Swiped the Overshoe" when the sled skidded to one side and in a twinkling 14 people were floundering in a snow drift. A snap shot at that particular moment would have brought a fortune. Here could be seen a beautiful arm encircled by a bracelet protruding from the snow. There could be seen a shapely foot, wriggling around, as though appealing for help. The men seemed loth to give assistance—just stood and looked and looked. Finally one man took an inventory of the situation and discovered that two girls were walking over 'Joe Pap' Beazell's face; also that another young lady had jumped on an umbrella, put her foot in it, and had broken three ribs—of the umbrella.

After taking about 15 minutes to disentangle the young lady, the thoughtful man reluctantly turned his attention to "Joe Pap" and vigorously worked him to an upright position. The sled was soon righted and reloaded, the crowd struck up a new song entitled "Her Christmas Gift is Out of Sight" and the mishap was soon a thing of the past. Another trip is being planned, but "Joe Pap" says if he goes he's going to wear a base ball mask.

VALUABLE INFORMATION IN INDUSTRIAL NUMBER

Replete with information concerning Washington county is the seventh financial and business review number of the Washington Observer, which was issued Saturday. This number, which contained 36 pages, comprehensively reviews all the financial institutions of the county, showing their growth and prosperity. The condition of business among the factories and industrial establishments of the county are presented, together with much valuable information concerning coal mining and the coal lands of the county. The names of all the owners of coal and the amount and location of their holdings are presented, which in itself is a valuable piece of information.

The status of the county roads and other public works of the county are prominent features and economic, social and scientific matters in special articles which apply locally make the number one of the most interesting and valuable yet issued by this enterprising newspaper.

Successful Euchre

The euchre given by the Ladies Auxiliary of the Monessen-Charleroi Hospital at the Elks Club house last night, was well attended and was a success socially and financially. The affair was one of the most pleasant events of the kind held for some time.

If You Have Eczema.

If you have eczema would you like to get prompt relief and be permanently cured by a clean liquid preparation for external use? We always have this remedy in stock. We know the ingredients and know of its wonderful curative and healing properties. ZEMO has cured a great many chronic cases of eczema and other forms of skin and scalp disease. We will give you a booklet on skin disease and explain to you how you can be cured in your own home by this clean, simple remedy. ZEMO is pleasant to use and can be used freely on infants. It cures by drawing all germ life and poisons to the surface of the skin and destroying them leaving the skin clean and healthy. Piper Bros.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is no quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

WHY SALVES FAIL TO CURE ECZEMA

They Clog the Pores—Only a Liquid Can Reach the Inner Skin.

Skin specialists have exploded the old theory of curing eczema through the blood but have given up by scientists, many doctors say salves have been used for skin diseases. But it has been found that these salves only clog the pores and can not penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the only standard liquid eczema cure, oil of wintergreen as compounded in D. D. D. Prescription. After ten years of cure after cure, the world's leading skin specialists have accepted this as the true eczema cure.

We ourselves do not hesitate to recommend D. D. D. Prescription at $1.00 a bottle, but for the benefit of those who have never tried the prescription, we have arranged with the D. D. D. Laboratories of Chicago for a special large trial bottle at 25 cents on a special offer now. This first bottle ought to convince every sufferer, and, at any rate, it will surely take away the itch at once.

COASTING ACCIDENTS RESULT IN INJURY OF CALIFORNIA PEOPLE

Two Hurt, One by Being Thrown from Sled, Other by Being Run Into.

Two people were victims of coasting accidents on the streets of California last night. Wilbur Croner, a well known young man, the son of Mr. and Mrs. James Croner, and J. E. Abell, a retired business man and civil war veteran. Young Croner was the most seriously hurt, and was unconscious for some hours following the accident, but is said to be all right this morning. Mr. Abell was not so very seriously injured, a few bruises about the body constituting the extent of his wounds.

On Wood street there is a veritable glare of ice from top to bottom, and sled riding is exceedingly fine, as well as dangerous. Young Croner had his sled, a big affair, out last night. At the time of the accident about 9 o'clock he was coming down the hill at a lightening clip, with Prof. Earnest Coffin, instructor of Latin at the Normal, Miss Ida C. Pratt, a training teacher, Miss Thompson, another teacher of the Normal, and Will Hart on the sled.

Croner was guiding his sled by a skate, which was attached to a foot. The skate coming off near the bottom of the hill he was thrown from the sled. He tried to regain his position on the front but was thrown aside and against the curbing. His head striking the curb he was rendered unconscious. The others were thrown off but were uninjured.

Croner was taken home, and Dr. Leatherman called in attendance. He worked over him for some time, and finally the young man was brought to at about 2 o'clock this morning.

Mr. Abell was hurt in the evening while crossing Wood street. He failed to notice a sled which hit him, and knocked him down. Mr. Abell was taken home, and besides a few bruises is all right.

FOR SALE—Furniture for light house keeping. Must be sold this week; also National Cash register. Fosters' Millinery store. 140t2
